

ENVIRONMENTAL POLICY

The Top Management Team of Prime Atlantic Group (PAG) and its subsidiary companies (Bedford Electrical Ltd and Factotum Engineering Services Ltd), are fully committed to protecting the local and global environment. Prime Atlantic Group will minimize environmental impacts relating to all our products and services.

This will be achieved by:

- Prime Atlantic Group Top Management Team ensuring that environmental protection is firmly embedded in the organisation and all employees culture and will endeavor to influence suppliers and customers in a similar strategic environmental manner.
- Setting SMART performance objectives and targets for environmental performance and improvement and assigning responsibilities for these to members of the management team.
- Compliance with all applicable environmental legislation and requirements
- Maintaining, reviewing, and continually improving an Environmental Management System that meets the requirements of ISO 14001.
- Educating, training and motivating employees to carry out their work in an environmentally responsible manner.
- Preventing pollution, reducing waste, and minimising the consumption of resources in all work processes.
- Separating waste at source and only using registered and legally compliant waste processing contractors for removal.

Prime Atlantic Group are committed to continually improving environmental performance. This policy will PAG communicated to all employees, subcontractors, suppliers, customers, stakeholders This policy will be reviewed annually to ensure that it adequately reflects the PAG business vision.

For and on behalf of the Prime Atlantic Group Board
